Mike, can you get me the information on the amount spilled/collated and enforcement plan/action?

Michael Hawthorne just left a message asking for the “final score” on the BP Oil Spill:

- How much oil was spilled?
- How much was recovered?
- Will there be any enforcement action?

He said he’s receiving “tons” of emails from readers and there’s always lots of interest in any stories related to Lake Michigan and BP. Tribune editors feel that roundup story is warranted in “the paper of record” now that the response is completed.

Please advise on how to respond.
